

Stay on Track, Stay Healthy. Meet PillPal.

Your Personal Medication Pal.

Medication Reminders:

Choose how you want to be reminded. Whatsapp, AI Calls, Live Calls in your local language or App Notifications.

Peace of Mind

Your loved one can download the app and see how you're getting on.

Medication Pictures

Upload your own pictures of the medication so you're always sure.

Why Pillpal?

Let's face it, life gets busy, and it's easy to miss a dose. Slip-ups can bring big worries later on. The good news? Pillpal is here to help. With smart tech and a friendly, simple design, we make sure you stay on track—and in control of your health.

Prevent Costly Mistakes

Missed doses or incorrect medication timings can lead to complications or hospitalizations. PillPal helps you stay consistent.

Family Reassurance

With caregiver access, your loved ones can ensure you're staying on track without intrusive check-ins.

Pillpal – Your Health Deserves It

Think of Pillpal as the little investment that brings big rewards. By staying on top of your medications, you can dodge frustrating mix-ups, improve your health and wellbeing and keep life running smoothly.
